# Paws for a Cause

## Waiver and Release Form

I am aware that participating in the 1K/5K Paws for a Cause run and walk can be dangerous and involve MANY RISKS OF INJURY. These risks include, but are not limited to neck and spinal injuries, injury to bones, joints, ligaments/tendons, muscles, and death. Since dogs will be on site, there is added risk of general health and well-being including dog bites to both dogs and humans.

I understand that participating in the 1K/5K Paws for a Cause run or walk may result not only in injury, but could possibly impair my future abilities to earn a living, engage fully in business, social or recreational activities, and could impair myself or my dog's quality of life.

**If bringing a dog:** Kennel Cough and the Canine Flu (H3N2) are contagious respiratory viruses that are common at crowded public events. Parvo virus is also contagious, especially to puppies. I understand that having my dog at this event could expose them to various illnesses. Rabies can be transmitted through bites to both animals and humans.

**Having your dog up to date on vaccinations will greatly reduce these risks**

Because of the possible risk involved, I recognize the importance of following all of the course/race rules and regulations, and agree to obey such rules.

I hereby assume all responsibility and risks associated with participation and agree to not hold Pittsburg Veterinary Clinic, The City of Pittsburg, representatives, or volunteers responsible for those risks. I understand that Pittsburg Veterinary clinic, The City of Pittsburg, Titus County Shelter Friends, and the Mount Pleasant Shelter will not be held liable for any action, debt, claims, or demands of any kind that may arise in connection with my participation in any activity related to the 1K/5K Paws for a Cause event.
